

FUELTABS

RUK FUEL
STRATEGICALLY
ENGINEERED

FuelTabs saves you real money by increasing your MPG's with a small fuel tab that drop easily into your fuel tank at every fill up. FuelTabs is a combustion catalyst that burns off and removes harmful deposits that rob your engine of performance. FuelTabs are designed to remove these harmful deposits and restore engine efficiencies and lower emissions. FuelTabs also extends the life of the engine as well as decreases the octane requirement needed for proper burn of the fuel.

PRODUCT USAGE:

FuelTabs are made for any gasoline or diesel fuel application. FuelTabs come in a tab form and easily drop into your fuel tank before every fill up. One FuelTab treats up to 16 gallons of fuel. For larger fuel tanks simply add more FuelTabs. FuelTabs come in 5, 10, 50 and 100 quantities for easy dosing.

PRODUCT MARKETS:

FuelTabs are manufactured for the following markets/industries: Racing, automotive (car and truck), OTR trucking, diesel/industrial, off-road, recreational vehicle, boat & yacht, construction & trade, mining.

Consumer Uses: FuelTabs are for everyday users for personal cars or trucks, racing or off-road vehicles, equipment (heavy duty or lawn and garden), generators, recreational vehicles like ATV's, snowmobiles, motorcycles, boats, and watercraft.

Commercial Uses: FuelTabs are for shops and dealers in the racing, automotive (car and truck), OTR trucking, diesel/industrial, off-road, recreational vehicle, boat & yacht, and construction/trade.

Industrial Uses: manufacturing and industrial equipment, mining, railroads, local city/state utilities vehicles, and power generators.

PRODUCT SPECIFICATIONS:

Part Numbers:

1005F 5 Pack
1010F 10 Pack
1050B 50 Pack
1099B 100 Pack

Registered with the EPA.

FUELTABS – AT A GLANCE

- FuelTabs promotes the breakdown and decomposition of large fuel particles into smaller particles creating a quick and more efficient burn.
- FuelTabs significantly reduces emissions while reducing slag, fouling, and corrosion.
- FuelTabs improves fuel economy therefore saving money.
- FuelTabs improves lubricity in low sulfur diesel fuels by over 200%.
